Readers' Corner

NOTE: Readers' letters appear in their original, unedited form. DESIGN: Zingy

Dear Joshua,

Thank you for your letter! You look very smart in the photograph that you included.

It is one of the best things in life to know what you like, and work towards your goals. I like playing basketball but my skill is rather poor. I also like drawing and reading comics. The postures of the matchstick people in your drawing are really good; you used the lines very well.

Please follow through on your hobbies and send us some more drawings soon!

Cheers,
ES Flora
